

Thank you for your interest in adopting one of our rescued horses.

These horses are still undergoing close medical attention, handling and rehabilitation at RSPCA WA's Animal Care Centre in Malaga.

Due to the complexity and time involved in the adoption process for animals like horses, we are currently seeking expressions of interest from potential adopters.

If you are able to meet all of the basic requirements listed below, you are eligible to submit an EOI.

Please be aware that completing this form **does not** guarantee that your application will be successful, as our standard assessment process will apply in seeking the most suitable homes for our animals.

BASIC REQUIREMENTS

- You have a Property Identification Code (PIC)
- You are willing to have a property check
- You have the resources and a conducive shelter environment and facilities for horses
- You have experience in handling and caring for horses
- You acknowledge that adopting these horses is a long term commitment
- You are aware that these horses were surrendered as a result of severe neglect and abandonment and this may possibly have affected their temperament
- You are aware that these horses are not fully halter broke and may not be so easily handled or ridden

Please only complete this form if you meet all the requirements listed above.
